Section 2.- The Department of the Treasury ("Treasury") will remit to: the Legislative Branch and its components, the Judicial Branch, the University of Puerto Rico ("UPR"), and the non-profit entities that receive funds from the General Fund, monthly and in advance, the budgetary allotments corresponding to one twelfth (1/12) of the budget allocation provided herein for such entities. The one-twelfth monthly allocation to each entity (except with respect to the Judicial Branch) shall be subject to the two and half percent (2.5%) withholding set forth in Section below during the first three quarters of FY2021.

Section 3.- The Director of the Office of Management and Budget ("OMB") may authorize the encumbrance and disbursement of up to ninety-seven and a half percent (97.5%) of the budget allocation for each appropriation during the first three quarters of FY2021. The Director of OMB shall withhold the remaining two and a half percent (2.5%) of each appropriation until after the end of the third quarter of FY2021. Such withheld percentage of each appropriation shall only be encumbered and disbursed during the fourth quarter of FY2021 if (1) the first 8 months of actual General Fund revenues reported to the Oversight Board reach the revenue forecast in the 2020 Fiscal Plan for that period and (2) the encumbrance and disbursement is approved first by the Oversight Board after which the Director of OMB is required to authorize its release. If actual General Fund revenues for the first 8 months of FY2021 fail to reach the revenue forecast for that period, the amount of the withheld percentage of each appropriation that may be encumbered and disbursed shall be reduced proportionally according to the negative budget variance between projected and actual General Fund revenues. Notwithstanding the foregoing, PayGo appropriations, Consent Decree amounts, HTA appropriations, economic incentive funds and distributions, cigarette and rum distributions, allocations of SUT to FAM, and agencies in the Department of Public Safety and in the Health groupings, as defined in the 2020 Fiscal Plan, shall not be subject to the two and half percent (2.5%) withholding requirement.

Section 4.- Notwithstanding any provision in this Resolution to the contrary, the appropriations listed in the General Fund in Budget FY2021 under (1) Allocation of SUT to FAM (excluding Debt Portion); (2) Outflow of FEDE Portion of Corp. Income Taxes and Non-Resident Withholding; and, (3) cigarette and rum distributions, are entirely dependent on the level of revenues collected therefrom and, as such, the disbursements of those appropriations will be gradual and subject the actual collections thereunder. No expenditure, pledge, or obligation of any such funds may be made until such time as the revenues are actually collected and received.

Section 5.- For purposes of determining compliance with the fifty percent (50%) election year expenditures and obligations limitation established in Article 8 of Act No. 147 of June 18, 1980, as amended, known as the "Office of Management and Budget Organic Act", any obligation or expenditure of an actually received appropriation in capital expenditures, HTA appropriations, economic incentive funds and distributions, cigarette and rum distributions, allocations of SUT to FAM, the Emergency Reserve, the healthcare investments reserve, the investments in Broadband Infrastructure and the 21st century Technical and Business Education Fund, Title III professional fees under the custody of the Fiscal Agency and Financial Advisory Authority ("AAFAF", by its Spanish acronym) and the Department of Treasury, or the economic incentive fund under the custody accounts of OMB and the Department of Treasury or if subject to milestone completion will not be counted to determine compliance with said fifty percent (50%) limitation. In other words, the fifty percent (50%) expenditures or obligations limitation will only be measured on the

unrestricted appropriation for the entity as established in this Joint Resolution. Provided further that, as a result of an allocation of an Appropriation subject to milestone completion an entity may actually spend or obligate more than 50% of the total appropriation for FY2021, before the new elected officials take possession of their positions, without constituting a violation of said Article 8. Furthermore, if the Department of Education determines that due to the delay in the availability and receipt of allocated and necessary federal funds for the operation of the Department of Education it is needed to obligate and spend during year FY2021, before the new elected officials take possession of their positions, amounts that may exceed fifty percent (50%) of the total allocations for year FY 2021, the Department of Education, subject to the previous approval of the Oversight Board, may obligate and spend more than fifty percent (50%) of the total allocations for year FY 2021 before the new elected officials take positions of their positions, without constituting a violation of the fifty percent (50%) limitation on obligations and expenditures during election years established in Article 8 of Act No. 147 of June 18, 1980, as amended, known as the "Office of Management and Budget Organic Act". The Oversight Board may impose any requirement or condition when approving the authorization requested by the Department of Education under this Section.

Section 6.- No later than 45 days after the closing of each quarter of FY2021, the Secretary of Treasury shall revise the projected net revenues of the General Fund for FY2021 (the "Quarterly Revision") and notify the revision to the Director of the OMB, the Governor, and the Oversight Board. The Quarterly Revision shall project future revenues based on actual General Fund revenues and include revisions to the assumptions used to generate the General Fund's net revenue projections.

Section 7.- All appropriations and other uses of Commonwealth moneys, including standing appropriations pursuant to pre-PROMESA Puerto Rico statutes, that are not authorized or certified in FY2021 and this Joint Resolution2021 are eliminated and no disbursement of such appropriations may be authorized nor shall expenditures exceed the amounts appropriated in the FY2021 certified budget, except for the following which the Oversight Board redeploys as current appropriations, subject to Oversight Board adjustment at any time: (1) appropriations authorized in the fiscal year to carry out capital expenditures that have been encumbered, accounted for and kept on the books, but not exceeding two fiscal years on the books; (2) appropriations in the certified budget for equipment with procurement cycles that extend beyond the end of the fiscal year, which are encumbered on or before June 30, 2021; (3) the portion of the appropriations authorized for fiscal year that have been encumbered on or before June 30 of such fiscal year, which shall be kept in the books for 60 days after the termination of that fiscal year and after those 60 days no amount shall be drawn against such portion for any reason; (4) the appropriation in the amount \$130 million for the emergency reserve included in the FY2020 certified budget and required by Section 5.2.8 in the 2020 Fiscal Plan (the "Emergency Reserve"); (5) the unobligated portion of the \$100 million Public Assistance Federal Fund Matching appropriation included in the FY2020 certified budget; (6) the unused appropriations for the UPR Scholarships Fund included in the FY2019 and FY2020 certified budgets, which are held under the custody of the Department of Treasury; (7) FY2020 unused appropriations for use in the external financial audit services held at the Department of Treasury; (8) FY2020 unused General Funds intended for Medicaid related expenditures; (9) Unused Title III funds; (10) Reported unused funds from Department of Health's Mental Disability program until the end of the following fiscal year; and (11) Reported unused funds from Department of Correction and Rehabilitation's Juvenile program. In addition, this restriction on the use of appropriations of prior fiscal years shall not apply to: (i) programs financed in whole or in part with federal funds; (ii) orders by the United States district court with jurisdiction over all matters under Title III of PROMESA; or (iii) matters pertaining to any consent decree or injunction, or an administrative order or settlement entered into with a Federal Agency, with respect to Federal programs.

Section 8.- On or before July 31, 2020, the Treasury Secretary, Executive Director of AAFAF, and the Director of the OMB shall provide to the Oversight Board a certification indicating the amounts of unused FY2020 appropriations for all items of the previous Section. Shall the government fail to submit said certification the amount of unused funds in items 1 and 2 will not carry over to the following fiscal year.

Section 9.- Each power of OMB, AAFAF or the Department of the Treasury, including the authorities granted under Act 230-1974, as amended, known as the "Puerto Rico Government Accounting Act" ("Act 230"), to authorize the reprogramming or extension of appropriations of prior fiscal years is hereby suspended.

Section 10.- The appropriations approved in this budget may only be reprogrammed with the prior approval of the Oversight Board. For the avoidance of doubt, this prohibition includes any reprogramming of any amount, line item or expenditure provided in this budget, regardless of whether it is an intra-agency reprogramming. Reprogramming also known as reapportionments may be made into spend concepts and/or objects not explicitly listed in the FY2021 certified budget resolution as long as such requests are submitted to and approved by the Oversight Board.

Section 11.- The Governor shall submit to the Oversight Board all reporting requirements set forth on Exhibit 129 of the 2020 Fiscal Plan according to the reporting cadence described therein. In addition, if the Oversight Board approves a reprogramming pursuant to the Section above, the immediately subsequent report by the Governor must illustrate the specific implementation of such reprogramming, including the amount, the source of the reprogrammed amount identified by government entity and expenditure concept, the government entity that received such amount, and the expenditure concept to which it was applied.

The Governor shall also submit to the Oversight Board a comprehensive reporting package in a similar format to that required and provided in accordance with Section 203 of PROMESA for the following specified programs and spending areas within different agencies: (1) PRDE's Special Education Program; (2) PRDE's Remedio Provisional Program (3) DOH's Adult Hospital Program; (4) DOH's Pediatric Hospital Program; (5) DOH's HURRA Bayamon Hospital Program; (6) DOH's 330 Centers Payments; (7) DOH's Intellectual Disability Program, (8) ASSMCA's Rio Piedras Hospital Program, and (9) DCR's Juvenile Program. This program reporting must include and clearly detail budget to actuals on a concept level basis, any reprogramming of funds within the program, and any reprogramming of funds to/from other programs or agencies.

In addition, the Governor shall submit reporting to the Oversight Board in monthly reporting package detailing capital expenditure spending by agency and by project including

details for expenditures which have RFPs issued, which contracts have been awarded, which are in process.

Furthermore, the Governor shall submit to the Oversight Board a monthly reporting package detailing all of PRDE's salary and other payroll expenses within four categories: (1) Central Administrative Personnel; (2) Regional Administrative Personnel; (3) Regional School Support Personnel; and (4) School Personnel as established in this FY2021 certified budget resolution. In order to assess compliance and guarantee accountability, PRDE must submit such monthly reporting detailing salary and payroll expenses by the categories established herein along with a salaries and payroll reconciliation of funds disbursed and actual expenses recorded.

The reports required pursuant to this Section are in addition to the reports that the Governor must submit to the Oversight Board in accordance with Section 203 of PROMESA.

Section 12.- In conjunction with the reports that the Governor must submit to the Oversight Board no later than 15 days after the last day of each quarter of FY2021 pursuant to Section 203 of PROMESA, the Treasury Secretary, Executive Director of AAFAF and the Director of the OMB shall each certify to the Oversight Board: (1) that no appropriation of any previous fiscal year (except for the appropriations covered by the exceptions in the Sections above) have been used to cover any expense; and (2) the Director of the OMB shall certify to the Oversight Board that no amount of (i) the Emergency Reserve and (ii) the unallocated capital expenditures under the custody of OMB has been obligated unless authorized in accordance with the Section below.

Section 13.- The Emergency Reserve, the unallocated capital expenditures, healthcare investments reserve, technology reserve, milestones reserve, and the economic incentive fund under the custody accounts of OMB and the Department of Treasury, respectively, as detailed in the certified budget for FY2020 and FY2021 may not be used to cover any allocation or expense whatsoever without the approval of the Oversight Board. The economic incentive funds held under the custody of the Department of Treasury will be released on a quarterly basis after a formal reapportionment is submitted by the Department of Economic Development and Commerce (DDEC), reviewed and approved by OMB, and submitted to the Oversight Board for review and authorization to release such funding. Exceptions to the economic incentive fund release may apply upon meeting all of the specified criteria listed under subsection A of Section 11 of the Special Revenue Funds resolution which details DDEC's Milestones and Incentives.

Section 14.- As a rule, necessary for the responsible disbursement of budgetary allocations for operating and other expenses, OMB shall withhold from any of the allocations to the agencies of the Executive Branch the amounts necessary to pay for the pay-go contribution, unemployment insurance, or taxes withheld from their employees, when OMB determines that such a withholding is necessary to ensure compliance with these obligations by the agencies concerned. Any such amounts withheld by OMB shall solely be reprogrammed to pay the corresponding outstanding obligations related to PayGo contributions, unemployment insurance, or taxes withheld from employees.

Section 15.- Additional General Funds may be made available to agencies upon reaching certain, specified milestones and after the approval and authorization from the Oversight Board. For FY2021, see the subsections below which detail the allowable milestones and incentives for

Section 16.- OMB and the Department of the Treasury are authorized to establish the necessary mechanisms to ensure that when implementing the concept of mobility, pursuant to the provisions of Law 8-2017, as amended, known as the "Puerto Rico Human Resources Management and Transformation in the Government Act," the corresponding transfer of funds allocated to payroll and related costs of said employee are to be carried out simultaneously.

This prohibition applies to every appropriation set forth in a budget certified by the Oversight Board, including appropriations for payroll and related costs. The Executive Director of AAFAF and the Director of the OMB shall also certify to the Oversight

Board by September 30, 2020 that no amount was spent or encumbered that exceeded the appropriations in the certified budget for FY2020.

Section 18.- For the avoidance of doubt, any reference within the budget to AAFAF, the Department of Treasury, or OMB, or any of their respective officers, shall apply to any successor thereof.

Section 19.- On or before July 31, 2020, the Governor shall provide to the Oversight Board budget projections of General Fund revenues and expenditures for each quarter of FY2021, which must be consistent with the corresponding budget certified by the Oversight Board (the "Quarterly Budget"). The Oversight Board encourages the use of additional object level professional service fee categories in order to support more transparency of how professional fees are spent. The Oversight Board is authorized to require review contracts less than \$10 million to ensure compliance with the applicable fiscal plan(s).

Section 21.- This Joint Resolution shall be adopted in English and Spanish. If in the interpretation or application of this Joint Resolution any conflict arises as between the English and Spanish texts, the English text shall govern.

Section 22.- If any clause, paragraph, subparagraph, sentence, word, letter, article, provision, section, subsection, title, chapter, subchapter, heading, or part of this Joint Resolution is annulled or declared unconstitutional, the resolution, decision, or judgment entered to that effect will not affect, harm, or invalidate the remainder of this Joint Resolution. The effect of such judgment will be limited to the clause, paragraph, subparagraph, sentence, word, letter, article, provision, section, subsection, title, chapter, subchapter, heading, or part thereof that has been annulled or declared unconstitutional. If the application to a person or circumstance of any clause, paragraph, subparagraph, sentence, word, article, provision, section, subsection, title, chapter, subchapter, heading, or part of this Joint Resolution is invalidated or declared unconstitutional, the decision, opinion, or judgment entered to that effect will not affect or invalidate the application of the remainder of this Joint Resolution to those persons or circumstances in which it can validly apply. It is the express and unequivocal will of this Legislature that the courts enforce the provisions and the application of this Joint Resolution to the greatest extent possible, even if any of its parts is set aside, annulled, invalidated, prejudiced, or declared unconstitutional, or even if its application to any person or circumstance is annulled, invalidated, or declared unconstitutional. This Legislature would have approved this Joint Resolution regardless of the finding of severability that the Court may make.

Section 23.- This Joint Resolution will be known as "Joint Resolution of the General Fund Budget for FY2021."

Section 24.- This Joint Resolution shall take effect on July 1, 2020.

Section 2.- Any expenditure funded through SRFs cannot exceed the lower of: (1) the amount authorized in this budget for the corresponding government entity and concept of expenditure or (2) the corresponding special revenue amount collected in FY2021 and available in the SRF.

Section 3.- No later than 45 days after the closing of each quarter of FY2021, the Secretary of Treasury shall revise the projected net revenues of all SRFs for FY2021 (the "Quarterly Revision") including all entities with funds outside of the Treasury Single Account ("<u>TSA</u>") and notify any revisions to the Director of the OMB, the Governor and the Oversight Board. The Quarterly Revision shall project future revenues based on actual SRF revenues, and include revisions to the assumptions used to generate the SRF's net revenue projections.

Section 4.- All authorized SRF budget amounts for government entities, including those with funds outside of the TSA, for any prior fiscal year, are eliminated and no carry over of such funds may be used, except: (1) expenditures authorized in the fiscal year 2020 certified budget to carry out capital expenditures that have been encumbered and accounted for and kept on the books, but not exceeding two fiscal years on the books; (2) expenditures in this certified budget for equipment with procurement cycles that extend beyond the end of the fiscal year, which are encumbered on or before June 30, 2021; (3) the portion of expenditures authorized for fiscal year 2020 that have been encumbered on or before June 30 of such fiscal year, which shall be kept in the books for 60 days after the termination of that fiscal year and after those 60 days no amount shall be drawn against such portion for any reason; (4) the Federal unemployment funds collected and managed by the Commonwealth included in the fiscal year 2021 certified budget, which are held under the custody of the Department of Labor and Human Resources; (5) Reported unused funds from Department of Health's Mental Disability program until the end of the following fiscal year; (6) Reported unused funds from Department of Correction and Rehabilitation's Juvenile program; and (7) unused Special Revenue Funds collected during prior fiscal years for Ports Authority, Puerto Rico Convention Center District Authority and Puerto Rico Tourism Company, but limited to the amount of the FY2021 Special Revenue Funds appropriation. In addition, this restriction on the use of unused authorized prior fiscal year amounts shall not apply to: (i) programs financed in whole or in part with federal funds; (ii) orders by the United States district court with jurisdiction over all matters under Title III of PROMESA; or (iii) matters pertaining to any consent decree or injunction, or an administrative order or settlement entered into with a Federal Agency, with respect to Federal programs.

Section 5.- On or before July 31, 2020, the Treasury Secretary, Executive Director of the Fiscal Agency and Financial Advisory Authority ("<u>AAFAF</u>", by its Spanish acronym) and the Director of the OMB will provide to the Oversight Board a certification indicating the amounts of unused fiscal year 2020 authorized SRF budget amounts for the items listed in <u>Section 4</u>. Shall the government fail to submit said certification the amount of unused funds in items 1 and 2 of Section 4 will not carry over to the following fiscal year.

Section 6.- Any power of OMB, <u>AAFAF</u>, or the Department of the Treasury, including the authorities granted under Act 230-1974, as amended, known as the "Puerto Rico Government Accounting Act" ("<u>Act 230</u>"), to authorize the reprogramming or extension of authorized SRF budget amounts and/or cash balances of prior fiscal years is hereby suspended. Authorized SRF

amounts in this FY2021 budget may only be reprogrammed with the approval and authorization of the Oversight Board. For the avoidance of doubt, this prohibition includes any reprogramming of any amount, line item or expenditure provided in this budget, regardless of whether it is an intraagency reprogramming. Reprogramming also known as reapportionments may be made into spend concepts and/or objects not explicitly listed in the FY2021 certified budget resolution as long as such requests are submitted to and approved by the Oversight Board.

Section 7.- The Governor shall submit to the Oversight Board all reporting requirements set forth on Exhibit 129 of the 2020 Fiscal Plan according to the reporting cadence described therein. In addition, if the Oversight Board approves a reprogramming pursuant to Section 6, the immediately subsequent report by the Governor must illustrate the specific implementation of such reprogramming, including the amount, the source of the reprogrammed amount identified by government entity and expenditure concept, the government entity that received such amount, and the expenditure concept to which it was applied.

In addition, the Governor shall submit to the Oversight Board a comprehensive reporting package in a similar format to that required and provided in accordance with Section 203 of PROMESA for SRFs in the following specified programs within different agencies: (1) PRDE's Special Education; (2) DOH's Adult Hospital; (3) DOH's Pediatric Hospital; (4) DOH's HURRA Bayamon Hospital; (5) DOH's 330 Centers Payments; (6) ASSMCA's Rio Piedras Hospital and (7) DCR's Juvenile Program. This program reporting must include and clearly detail budget to actuals on a concept level basis, any reprogramming of funds within the program, and any reprogramming of funds to/from other programs or agencies.

In a similar manner, the Governor shall submit further reporting to the Oversight Board in monthly reporting package detailing capital expenditure spending by agency and by project including details for expenditures which have RFPs issued, which contracts have been awarded, and which are in process.

The reports required pursuant to this Section are in addition to the reports that the Governor must submit to the Oversight Board in accordance with Section 203 of PROMESA.

Section 8.- In conjunction with the reports that the Governor must submit to the Oversight Board no later than 15 days after the last day of each quarter of FY2021 pursuant to Section 203 of PROMESA, the Treasury Secretary, Executive Director of AAFAF and the Director of the OMB will each certify to the Oversight Board that no authorized SRF budget amount of any previous fiscal year (except for those covered by the exceptions in <u>Section 4</u> above) has been used to cover any expenditure unless authorized by the Oversight Board.

Section 9.- The Secretary of Treasury, the Director of the OMB, and the Treasurer and Executive Director of each government entity covered by the 2020 Fiscal Plan shall be responsible for not spending or encumbering during FY2021 any amount that exceeds the authorized SRF budget amounts. This prohibition applies to every SRF budget amount authorized herein, including amounts for payroll and related costs. The economic incentive funds held under the custody of the Department of Treasury will be released on a quarterly basis after a formal reapportionment is submitted by the Department of Economic Development and Commerce (DDEC), reviewed and

approved by OMB, and submitted to the Oversight Board for review and authorization to release such funding. Exceptions to the economic incentive fund release may apply upon meeting all of the specified criteria listed on Appendix A. The Executive Director of AAFAF and the Director of the OMB shall also certify to the Oversight Board by September 30, 2020 that no amount was spent or encumbered that exceeded the authorized SRF amount in the certified budget for fiscal year 2020.

Section 10.- For the avoidance of doubt, any reference within the budget to AAFAF, the Department of Treasury, or OMB, or any of their respective officers, shall apply to any successor thereof.

Section 11.- Additional Special Revenue Funds may be made available to agencies upon reaching certain, specified milestones and after the approval and authorization from the Oversight Board. For FY2021, see the below subsection which lists select agencies with their respective allowable milestones and incentives. Once the respective milestones are achieved, these agencies must provide a formal notice and submit supporting data corroborating such achievement for the Oversight Board's review.

- A. The Department of Economic Development and Commerce's Milestones and Incentives 1. Milestone: Publicly publish quarterly reports in the agency's website detailing all economic incentive donation/subsidy amounts given to private corporations. The reported detail should include:
 - 1. Name of Corporation
 - 2. Brief description of the exempt activities conducted in Puerto Rico
 - 3. Amount of cash incentives granted, if applicable
 - 4. Brief description of the purpose of the use of the cash incentive, if applicable
 - 5. Location of the business (municipality) where principal economic impact will be made
 - 6. Number of cash incentives previously granted and aggregate amount of funding received for the last 3 years
 - 7. Annual ROI on each previous cash incentive grant and expected ROI in the current year.
 - a. Incentive: Reapportionments are currently required to release funds collected in Treasury for economic incentives as well as public reporting (website publishing). This will continue to be a requirement for the transfer of funds. However, if all criteria is met beginning September 30, 2020 on a quarterly basis, the Oversight Board will provide the lesser of 7% of the total amount of incentives or \$2,333,000 on a quarterly basis for DDEC's operating and management.
 - b. Total Available Funds: Up to \$7,000,000

Section 12.- On or before July 31, 2020, the Director of OMB shall submit to the Oversight Board a copy of the budget certified by the Oversight Board in the budget format managed by OMB known as the "Sábana file." The Sábana file shall be in Excel and identify both the General Fund budget and non-General Fund budgets, including SRF budgets, within the government's PRIFAS and other accounting systems, including detailed budget appropriations and allocations

by agency, instrumentality, public corporation, fund type and concept of spend that are consistent with all budgets certified by the Oversight Board for FY2021.

Section 13.- The Special Revenue Funds and Federal Funds budget shall be adopted in English and Spanish. If in the interpretation or application of the budget a conflict arises between the English and Spanish texts, the English text shall govern.

Section 14.- If any clause, paragraph, subparagraph, sentence, word, letter, article, provision, section, subsection, title, chapter, subchapter, heading, or part of this resolution is annulled or declared unconstitutional, the resolution, decision, or judgment entered to that effect will not affect, harm, or invalidate the remainder of this resolution. The effect of such judgment will be limited to the clause, paragraph, subparagraph, sentence, word, letter, article, provision, section, subsection, title, chapter, subchapter, heading, or part thereof that has been annulled or declared unconstitutional. If the application to a person or circumstance of any clause, paragraph, subparagraph, sentence, word, article, provision, section, subsection, title, chapter, subchapter, heading, or part of this resolution is invalidated or declared unconstitutional, the decision, opinion, or judgment entered to that effect will not affect or invalidate the application of the remainder of this resolution to those persons or circumstances in which it can validly apply. It is the express and unequivocal will of this Legislature that the courts enforce the provisions and the application of this resolution to the greatest extent possible, even if any of its parts is set aside, annulled, invalidated, prejudiced, or declared unconstitutional, or even if its application to any person or circumstance is annulled, invalidated, or declared unconstitutional. This Legislature would have approved this resolution regardless of the finding of severability that the Court may make.
